47 HENRY III.—PART I.

MEMBRANE 19.

LETTERS PATENT OF THE FORTY-SEVENTH YEAR OF KING HENRY SON OF KING JOHN, WHILE HE WAS IN FRANCE.

[The following six entries, until the king's return, are attested by Philip Basset justiciary of England.]

1262.

Nov. 10. Grant to Imbert de Muntferrant of the wardship of the lands late of Philip de Columbariis, with wards, reliefs and escheats pertaining to the same; with mandate to the tenants to be intendant to him.

By letters directed to the chancellor and the justiciary.

Nov. 10. Order to all bailiffs to cause certain Austin friars of the house of Clare who as the king has learned have left their house and are now vagabonds to be arrested and handed over to their prior for chastisement according to the exigency of their order.

Nov. 15. To William Bagot and Henry de Malo Lacu, guardians of the honour of Clare. The king has taken the fealty of Ellis de Ponte Episcopi, monk of Bekk, whom the abbot of that place, by letters patent has presented to the priory of St. Neots now void and in the king's hands by reason of his wardship of the lands and heirs of Richard de Clare, sometime earl of Gloucester, and therefore he commands them to cause him to have full seisin of the priory with all its temporalities.

Writ de intendendo directed to the tenants.

Nov. 18. Simple protection for two years for Nicholas de Wigan.

Protection with clause for the abbot of Westminster going beyond seas by order of the king; until his return.

Dec. 4. Mandate to William de Haniton, guardian of the abbey of Where-westminster, to give seisin of the temporalities thereof to Mabel de Tycheburne, one of the nuns, whose election as abbess has been confirmed by J. bishop of Winchester.

Writ de intendendo to the tenants.

Dec. 5. Nomination to the prior of Pritelewell (because by an ordinance made between the sometime bishops of London and the prior, confirmed by the chapter of St. Paul's, London, in the voidance of the bishopric of London it pertains to the king to nominate) of Peter de Weseham, king's clerk, for the prior to present to the vicarage of Canewdon.

AFTER THE KING'S RETURN TO ENGLAND THE FOLLOWING LETTERS.

Dec. 24. Grant to the abbot of Fécamp that Richard de Meynill, his fellow monk, whom he has appointed before the king, may make attorneys to gain or lose for the abbot in all suits in the king's court for or against him, for three years from Christmas.
