Feb. 12.
Westminster.

Grant for life to John Golafre, in lieu of a grant to him by letters patent dated 18 April, 21 Richard II, confirmed by letters patent dated 30 October, 1 Henry IV (see Vol. I, p. 42), surrendered, of 10L. yearly from Michaelmas last at the hands of the abbot and convent of Oseneye from a farm of 20L. due from them in accordance with letters patent dated 20 September, 10 Richard II. By pretext of the first grant and confirmation he has been satisfied of the 10L. yearly at their hands until lately, but a process has issued from the Exchequer against the abbot for the moneys thus received, because the said letters to the said John are invalid because mention is not made of the meadow and fishery mentioned in the letters to the abbot and convent. The king also grants to the said John all the moneys thus received and acquires the abbot and convenant.
