Feb. 8. Commission to Thomas de Morleye, 'chivaler,' Thomas Erpyngham, Westminster. 'chivaler,' Simon Felbrigg, 'chivaler,' Edmund Oldehall, Robert Martham, John Wyntur, Thomas Derham and the sheriff of Norfolk to enquire into the complaint of the prior of the priory of Wymundham, which is a cell of the church of St. Albans, of the foundation of the king's progenitors and of the king's patronage, that whereas he and his predecessors have held the nave of the church of the priory with all profits time out of mind and the parishioners of the priory have been governed in their coming to church by the sounds of the bells of the priory and never had bells of their own, so that the prior and his fellow monks were not disturbed in divine service, as is usual in divers abbeyes and other priories, nevertheless William Groute, Thomas Boteler and Robert Kempe with other parishioners broke a tower of the church of the priory and hung three bells there to the disturbance of divine worship and to his annoyance, broke other strong walls of the priory, ejected him from his parlour and kept him out of it for three days, walled up and fastened the doors between the chancel of the choir and the nave of the church so that he could not go out of or into the church with procession or otherwise as in time past,
